Notice on the Reward Scheme for the Publication of Scientific Papers

Dear Researchers,

Since the establishment of Tinzyme, we have been committed to providing high-quality molecular biology products for scientific researchers and have witnessed numerous high-level papers published by domestic researchers in international journals. To express our gratitude for the long-term support and trust of the scientific community in Tinzyme, we have decided to reward researchers who use our company's products and publish high-level academic articles. The specific reward plan is as follows:

1. Eligibility for Rewards: Researchers both domestic and international who use Tinzyme or MEBEP Brands products, publish articles in international journals, and acknowledge the company (Tinzyme Co., Limited or MEBEP BIO SCIENCE, Shenzhen, China) in their articles.

2. Reward Conditions: All rewarded articles must be indexed by SCI. Based on the latest published impact factor data (data from the previous year before June 20; data from the current year after June 20), articles with an impact factor of $3 < IF < 5$ will receive a \$20 voucher for any product of their choice; articles with $5 < IF < 10$ will receive a \$50 voucher for any product of their choice; articles with an impact factor greater than 10 will receive a \$100 voucher for any product of their choice or a discount coupon.

3. Special Rewards: Authors who publish papers in top-tier journals such as "Nature," "Science," and "Cell" will receive a product reward worth \$1000 per paper (please consult the company for specific product types).

4. Limitation on Reward Recipients: The reward is limited to the first author or corresponding author of the SCI-indexed article, and each author can only apply for the reward once.

5. Scope of Reward Products: Rewards will be given for papers published using the following designated products: PCR reagents, RT-PCR reagents, DNA extraction kits, RNA extraction kits, NGS-related products, mRNA-related enzymes and substrates, and Caps.

6. Exclusions from the Reward Scope: Papers published using only the following products are not eligible for rewards: primers, gene synthesis services, agarose, laboratory instruments, consumables, Elisa kits, buffers, basic biochemical reagents, and other raw materials for production.

7. Application Process: Please send the application form and a digital copy of the paper to sales@tinzyme.com, and indicate "Scientific Paper Publication Reward Application" in the email subject line.

8. Review and Distribution: After the company's review and approval, we will contact the applicant as soon as possible to determine the distribution method and address for the reward.

The company reserves the right to the final interpretation of the above terms.

We look forward to your active participation and thank you for your support of Tinzyme. Let's contribute together to the advancement of scientific research.
