

## Screw cap tube

**Product Number: SCT**

### Components

Product Number	Product Name
SCT-0.5	0.5M screw cap tube
SCT-1.5	1.5M screw cap tube
SCT-2.0	2.0M screw cap tube

### Description

1. ISO 13485:2016 Quality control system.
2. Materials meet the requirements of USP Class VI.
3. Centrifuge at 13,000xg.
4. Registered internationally as in vitro diagnostic consumables.
5. Rigorous quality specifications and convenient features make our screw Cap Tubes a good choice for research and analytical work. It consists of screw cap with O - ring and high - standard polypropylene tube body for a wide range of applications. It can be centrifuged directly or used as a transport/storage tube.

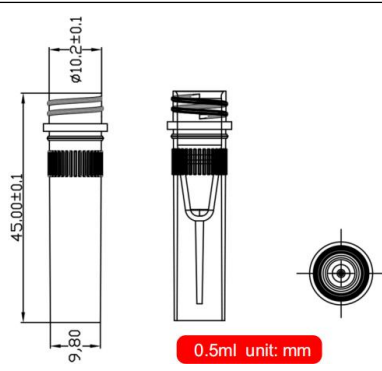

### Material Information

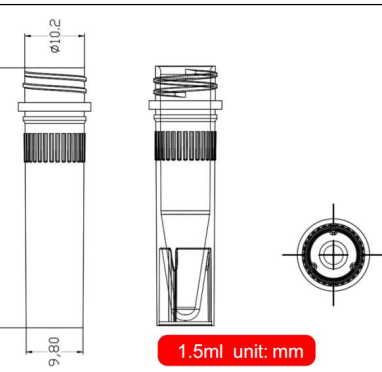

Screw Cap Tubes: 100% polypropylene to meet USP Class VI medical grade material requirements.

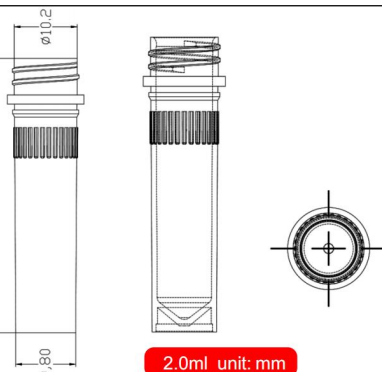

### Product Characteristics

1. Specially designed thread and O-ring seal ensure excellent leak-proof performance.
2. Screw cap with color marking, easy identification, a group of safe reagent distribution.
3. Edge knurled design, convenient one-hand operation.
4. Amber tube body, can isolate more than 90% UV light, can meet the requirements of light container.
5. Validity period: 3 years from the production date.

Product Number	Product Name	Color	Pack	
SCT-0.5	0.5M screw cap tube	Clear cap	500/bag, 10bags/case	
		Red cap		
		Blue cap		
		Purple cap		
		Yellow cap		
		Green cap		
		Amber tube and cap		

Product Number	Product Name	Color	Pack	
SCT-1.5	1.5M screw cap tube	Clear cap	500/bag, 10bags/case	
		Red cap		
		Blue cap		
		Purple cap		
		Yellow cap		
		Green cap		
		Amber tube and cap		

Product Number	Product Name	Color	Pack
